

**These cards are to be cut out and used for the
Wildlife Scramble Game**

Lizard

Feeds on ground insects, suns on rocks and hides under rocks and logs.

Frog

Needs clean wetland for laying eggs. Frog hides among damp native grasses.

Honeyeater

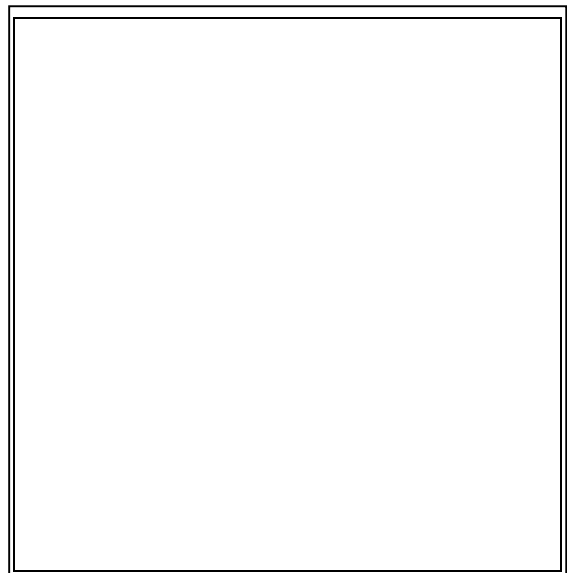

Feeds on nectar and insects in the tree canopy. Only local trees have large quantities of insects.

Blue Wren

Finds insects on the ground, among grass and shrubs. Must have low bushes to hide in.

Possum

Feeds in native trees and on the ground. Must have tree hollows to sleep in.
